## Filling A Need

You can bring others much-needed hope and happiness. To a patient, family member or visitor, the hospital can be an unfamiliar and even frightening place. As a volunteer, you can provide a warm smile, encouragement and calming conversation. You'll brighten someone's day—and in turn, yours.

Our volunteers are a diverse group of caring people, from senior citizens to high school students. What they have in common is a sincere desire to become involved in the community, serve others and enhance patient care at Sibley.
